handbook that reveals important insights into relationships between men and women and work, Play Like a Man, Win Like a Woman, is a must-read for every woman who wants to leverage her power in the workplace. Women make up almost half of today's labor force, but in corporate America they don't share half of the power. Only four of the Fortune 500 company CEOs are women, and it's only been in the last few years that even half of the Fortune 500 companies have more than one female officer. A major reason for this? Most women were never taught how to play the game of business. Throughout her career in the super-competitive, male-dominated media industry, Gail Evans, one of the country's most powerful executives, has met innumerable women who tell her that they feel lost in the workplace, almost as if they were playing a game without knowing the directions. In this book, she reveals the secrets to the playbook of success and teaches women at all levels of the organization--from assistant to vice president--how to play the game of business to their advantage. Men know the rules because they wrote them, but women often feel shut out of the process because they don't know when to speak up, when to ask for responsibility, what to say at an interview, and a lot of other key moves that can make or break a career. Sharing with humor and candor her years of lessons from corporate life, Gail Evans gives readers practical tools for making the right decisions at

work. Among the rules you will learn are:

- How to Keep Score at Work
- When to Take a Risk
- How to Deal with the Imposter Syndrome
- Ten Vocabulary Words That Mean Different Things to Men and Women
- Why Men Can be Ugly, and You Can't
- When to Quit Your Job

Winner of the ASCAP-Deems Taylor Award The life (1912-1988) and career of Gil Evans paralleled and often foreshadowed the quickly changing world of jazz through the 20th century. Gil Evans: Out of the Cool is the comprehensive biography of a self-taught musician whom colleagues often regarded as a mentor. His innovative work as a composer, arranger, and bandleader—for Miles Davis, with whom he frequently collaborated over the course of four decades, and for his own ensembles—places him alongside Duke Ellington and Aaron Copland as one of the giants of American music. His unflagging creativity galvanized the most prominent jazz musicians in the world, both black and white. This biography traces Evans's early years: his first dance bands in California during the Depression; his life as a studio arranger in Hollywood; and his early work with Claude Thornhill, one of the most unusual bandleaders of the Big Band Era. After settling in New York City in 1946, Evans's

basement apartment quickly became a meeting ground for musicians. The discussions that took place there among Miles Davis, Gerry Mulligan, John Lewis, and others resulted in the "Birth of the Cool" scores for the Miles Davis Nonet and, later on, for Evans's masterpieces with Davis: "Miles Ahead," "Porgy and Bess," and "Sketches of Spain." reader. In the late 1970s legendary pianist Bill Evans was at the peak of his career. He revolutionized the jazz trio (bass, piano, drums) by giving each part equal emphasis in what jazz historian Ted Gioia called a "telepathic level" of interplay. It was an ideal opportunity for a sideman, and after auditioning in 1978, Joe La Barbera was ecstatic when he was offered the drum chair, completing the trio with Evans and bassist Marc Johnson. In *Times Remembered*, La Barbera and co-author Charles Levin provide an intimate fly-on-the-wall peek into Evans's life, critical recording sessions, and behind-the-scenes anecdotes of life on the road. Joe regales the trio's magical connection, a group that quickly gelled to play music on the deepest and purest level imaginable. He also watches his dream gig disappear, a casualty of Evans's historical drug abuse when the pianist dies in a New York hospital emergency room in 1980. But La Barbera tells this story with love and respect, free of judgment, showing Evans's humanity and uncanny ability to transcend physical weakness and deliver first-rate performances at nearly every show. A new book for everyone interested in the guitar. Based on extensive research, and grounded in everyday classroom practice, the authors of this book explore important issues surrounding play in the early years curriculum. The book presents children's views on, and response to their role-play environment, alongside examples of good classroom

practice, and addresses vital questions such as: Will structuring role play replace children's own attempts to create scenarios that grow out of their interests and relationships? Has an over-emphasis on subjects like literacy and numeracy eclipsed the important processes inherent in children's social play? How we can ensure that provision for role play fully benefits all young children? Critically, the authors present the child's perspective on play in schools throughout, and argue firmly against a formal, inflexible learning environment for young children. This book will be fascinating to all students on primary education undergraduate courses and early childhood studies. Researchers and course leaders will also find this book a ground-breaking read. His compositions are among the richest and most original---laced with beautiful, lush alterations and passing chords. This set represents a sampling of Bill's illustrious career from "Waltz for Debby," written in 1954, to "Laurie," composed in 1979. Others provide unique challenges and give valuable insight into Bill's creative genius. The rhythm section skillfully plays each composition in the Bill Evans style, including his favorite piano voicings. All to provide you with a realistic sense of the Bill Evans mystic. Rhythm Section: Dan Haerle (p); Todd Coolman (b); Steve Davis (d).
