**Domenico Ghirlandaio Dec 21 2019** Domenico Ghirlandaio was one of the most popular artists in fifteenth-century Florence. He worked in a variety of media, including panel paintings, wall murals, mosaic, and manuscript illumination, and his workshop - to which Michelangelo was apprenticed - was highly influential. This beautiful book offers a radically new interpretation of Ghirlandaio's life and work, viewing him primarily as an artisan active within the craft traditions, guild structure, and workshop organizations of his day. Jean K. Cadogan argues that Ghirlandaio was a pivotal figure in the transformation of the artist from medieval artisan to Renaissance genius. She traces his gradual social elevation, which reflected the increasing respect with which he was treated by his patrons. And she notes that the changes in the way he and other artists were viewed created a milieu that encouraged innovation in technique, style, and content, qualities that were vividly displayed in Ghirlandaio's work. Cadogan explains how his working method, his pragmatic, artisan approach to technique, the organization and functioning of his workshop, and his relations with his patrons affected the works of art Ghirlandaio produced. Her text is complemented by a catalogue raisonné of Ghirlandaio's works in all media as well as an appendix of documents useful for scholars.

**Giammaria Mosca Called Padovano May 06 2021** Author of statues in the major churches of Padua and Venice, Giammaria Mosca was among the leading sculptors in northern Italy during the second and third decades of the sixteenth century. In 1529 Mosca was summoned by the King of Poland to erect his tomb in Cracow. From 1533 until the artist's death in 1574, documents at regular intervals record important commissions to Mosca throughout Poland from the Polish royal family, as well as from prominent members of the nobility and ecclesiastical hierarchy. Many of Mosca's inscribed and documented monuments survive in their original site and state and testify to the sculptor's key role in the diffusion in Eastern Europe of Italian Renaissance ideals. In both native and adoptive homes, thus, there exists a substantial body of extant and documented works by Mosca; indeed, Mosca is virtually unique among émigré Renaissance

sculptors for the completeness with which both halves of his career are documented and therefore offers the perfect test case for assessing the effect of emigration from the center to the periphery. Yet no one has ever asked whether Mosca's move to Poland changed his art. For the first time, Anne Markham Schulz not only explores the effect on Mosca's art of new patrons and materials, of different artistic conventions, functions, and traditions, but also sets Mosca's emigration within the context of those cultural exchanges between Italy and Poland that contributed fundamentally to the formation of the Polish Renaissance. This book represents the first comprehensive study of Giammaria Mosca in any language. It includes more than 260 detail photographs of all of Mosca's sculptures; almost every one has been made anew, many from specially constructed scaffolds. In addition, another 109 photographs illustrate comparative works. All documents concerning the artist, most never published before and many quite unknown, are reproduced in their entirety. There is an exhaustive catalogue of all works attributed to Mosca or his shop and a comprehensive bibliography of scholarship in ten languages.

***Brunelleschi*** Apr 17 2022 Comprehensive book describes how Filippo Brunelleschi built the dome of Florence's famed cathedral: masonry techniques, construction concepts, and more. 28 halftones. 18 line illustrations.

**2022 Philosophical and Empirical Approaches to Psychology:**

**Mentalism vs. Anti-Mentalism** philosophically analyzes four

**different approaches to psychology: introspectionism,**

**behaviourism, cognitive psychology, and cognitive neuroscience**

to explore the concept of “the mind,” which developed from the late nineteenth and early twentieth century up through present day psychology. The resulting ideas originating from these approaches are divided into two main groups in this book, mentalism (whose supporters assume that mind is not reducible to something else) and anti-mentalism (whose supporters assume that mind is indeed reducible to something else). This book argues that adopting one idea over another can have a profound influence in a psychologist’s research. Further, the author shows that some controversial psychological notions like “consciousness” pertain to a particular mentalistic approach. Many psychologists do not consider such notions scientific, but he argues that this depends upon their adherence to a certain anti-mentalistic approach or to a specific mentalistic perspective. The book examines these issues by assessing experimental psychology in relation to neurobiology and philosophy, offering an integration of philosophical and theoretical chapters along with empirical and experimental chapters. Theoretically, the arguments draw from philosophy of psychology and experimental psychology. Using empirical research, *Philosophical and Empirical Approaches to Psychology* examines the role of the various mentalistic and anti-mentalistic approaches to psychology by integrating epistemological analysis and empirical research.

A Cena Con Fluffy Oct 31 2020 Tempesta's stories explore complexities that are both profound and profoundly human, for example in cultural differences between life in the USA and in Italy. Most of his stories ask the reader to consider such questions as whether friendship possesses substance beyond illusion, and whether new life and new joy can emerge from surrender to aestheticized memories. Translating short stories is an arduous task but he succeeded in recreating in English, the emotional impact of his original stories in Italian. The importance of his writing lies in his capacity to generate dialogue. A reader must actively engage his texts, not to arbitrarily construct meaning, but to capture the abundance of subtlety and nuance that his work evokes. His prose (just like his poetry) does not ask to be received or decoded. Rather, it asks the reader to reflect on

it and converse with it.

**Il commissario Renzi a Lucca Aug 09 2021**

**The Pontificate of Clement VII Jan 02 2021** The pontificate of Clement VII (Giulio de' Medici) is usually regarded as amongst the most disastrous in history, and the pontiff characterized as timid, vacillating, and avaricious. It was during his years as pope (1523-34) that England broke away from the Catholic Church, and relations with the Holy Roman Emperor deteriorated to such a degree that in 1527 an Imperial army sacked Rome and imprisoned the pontiff. Given these spectacular political and military failures, it is perhaps unsurprising that Clement has often elicited the scorn of historians, rather than balanced and dispassionate analysis. This interdisciplinary volume, the first on the subject, constitutes a major step forward in our understanding of Clement VII's pontificate. Looking beyond Clement's well-known failures, and anachronistic comparisons with more 'successful' popes, it provides a fascinating insight into one of the most pivotal periods of papal and European history. Drawing on long-neglected sources, as rich as they are abundant, the contributors address a wide variety of important aspects of Clement's pontificate, re-assessing his character, familial and personal relations, political strategies, and cultural patronage, as well as exploring broader issues including the impact of the Sack of Rome, and religious renewal and reform in the pre-Tridentine period. Taken together, the essays collected here provide the most expansive and nuanced portrayal yet offered of Clement as pope, patron, and politician. In reconsidering the politics and emphasizing the cultural vitality of the period, the collection provides fresh and much-needed revision to our understanding of Clement VII's pontificate and its critical impact on the history of the papacy and Renaissance Europe.

**Painted Palaces: The Rise of Secular Art in Early Renaissance Italy Oct 11 2021** Even many Renaissance specialists believe that

little secular painting survives before the late fifteenth century, and its appearance becomes a further argument for the secularizing of art. This book asks how history changes when a longer record of secular art is explored. It is the first study in any language of the decoration of Italian palaces and homes between 1300 and the mid-Quattrocento, and it argues that early secular painting was crucial to the development of modern ideas of art. Of the cycles discussed, some have been studied and published, but most are essentially unknown. A first aim is to enrich our understanding of the early Renaissance by introducing a whole corpus of secular painting that has been too long overlooked. Yet "Painted palaces" is not a study of iconography. In examining the prehistory of painted rooms like Mantegna's Camera Picta, the larger goal is to rethink the history of early Renaissance art.

***Dance, Human Rights, and Social Justice Sep 10 2021*** This contributed volume is a collection of international writings on dance, human rights, and social justice in the 20th and 21st centuries. The book illuminates and analyzes dance in contexts of oppression and its subversion, as well as in situations promoting access to dance, and those encouraging healing from human rights abuses through movement.

***Atti casuali di violenza insensata Sep 29 2020*** Come racconterebbe la propria discesa agli inferi una ragazzina di 12 anni? Così, come Lola in *Atti casuali di violenza insensata* la (de)scrive a Anne, il suo diario. Tutto comincia con fatti di ordinaria amministrazione: un padre che non trova a chi vendere le proprie sceneggiature e una madre traduttrice e insegnante che non riesce a lavorare se non a ritmi forsennati. Due sorelline in tenera età e una grande, grande città: New York. Eppure gli echi di una diffusa guerriglia urbana entrano di prepotenza all'interno del racconto che Lola scrive a Anne, il suo diario. Il presidente muore ammazzato, poi ne muore un secondo, la criminalità fa il paio con una fortissima crisi economica e sociale serpeggia una violenza alla Arancia Meccanica. Anche le

**amichette della scuola (privata) voltano la faccia a Lola quando i genitori sono costretti a trasferirsi in un quartiere popolare per mancanza di denaro. Pian piano Lola si trova a giocare a fare la dura e a entrare in gang di quartiere al femminile. L'amore per Iz, ragazza nera spigliata e combattiva, la trascina sempre più a fondo e ogni sera il coprifuoco viene anticipato... Un mondo distopico come un romanzo di Philip K. Dick che, come nella migliore letteratura fantascientifica assomiglia moltissimo al nostro, funestato dalla crisi. Piccoli elementi sempre più determinanti dipingono una situazione di violenza che non risparmia i bambini, neppure quelli delle "buone famiglie".**

***EBOOK: Prego! An Invitation to Italian Feb 27 2023* Prego! is easy to use! For this exciting new edition, we listened to our many adopters and made significant revisions to adapt Prego! to the changing needs of your students. Every aspect of this program is based on the strong foundation of vocabulary and grammar presentations unique to Prego along with communicative activities and expanded cultural material to help students develop language proficiency. As a result, the program is even stronger, offering a truly integrated approach to presenting culture that inspires students to develop their communication skills. All print and media supplements for the program are completely integrated in CENTRO, our comprehensive digital platform that brings together all the online and media resources of the Prego! program. These include the Quia online versions of the workbook and laboratory manual, the video program, the music playlist, and new interactive games. Instructors will also find an easy-to-use grade book, an instructor dashboard, and a class roster system that facilitates course management and helps reduce administrative workload.**

**L'assassino Sa Il Perché Jun 07 2021** Al contrario di quanto avviene solitamente nei romanzi del genere noir, gli eroi in questo libro di delitti e misteri agiscono alla luce del luminoso sole di Grecia. Storie del tutto imprevedibili, che avvengono ora nella casa accanto, ora nelle bianche isole greche o talvolta nelle azzurre profondità del mare. Tra i misteri e i codici del teatro antico, o sul sedile di una rossa Ferrari, alla fine matura sempre un atroce delitto. L'assassino sa il perché! La signora Gilda si impossessa della Casa degli oleandri; Nassos rincorre Laura rossa delle donne di facebook; davanti al faro dell'isola di Paros, sotto lo schermo della telecamera della CNN avviene la scoperta di un singolare delitto; Oreste nell'antico teatro di Epidauro indaga i misteri di Asclepio e trova la sua Elena. Un rasta va alla ricerca dei segreti della sirena tra le rocce della fortezza veneziana di Monenvassia; il marinaio Mimis decide di porre fine all'angoscia che gli procurano i sofismi del Maestro; Un'innocua amicizia entra nella vita di un marito geloso. ***Florentine Public Finances in the Early Renaissance, 1400-1433***  
Mar 24 2020 In his application of statistical methods to history, Mr. Molho offers a new approach to the study of Florentine politics. Scholars have long recognized that Florence's deficit-financing of its wars of independence against the Visconti of Milan had far-reaching economic, political, and social effects, but this is the first document-based history to provide concrete support for that general knowledge. Focusing on the governmental and fiscal agencies of Florence as well as a number of memoirs and account books written by Florentine citizens, Mr. Molho has gathered and statistically reconstructed much archival material on Florentine taxation, public income, and expenses. He concludes that between 1423 and 1433 Florence underwent a prolonged and vast fiscal crisis that affected both the fiscal structure of the city and its constitutional and institutional framework. His work thus sheds new light on Cosimo de' Medici's rise to power in 1434.
