Be confident about what you are learning, thanks to Cambridge research into how English is really spoken and written, and get better at studying by yourself, with study tips, follow-up tasks and an easy to use answer key.
A Frequency Dictionary of Contemporary American English Mar 28

2021 A Frequency Dictionary of Contemporary American English is an invaluable tool for all learners of American English, providing a list of the 5,000 most frequently used words in the language. The dictionary is based on data from a 385 million word corpus - evenly balanced between spoken English (unscripted conversation from radio and TV shows); fiction (books, short stories, movie scripts); more than 100 popular magazines; ten newspapers; and 100 academic journals - for a total of nearly 150,000 texts. All entries in the rank frequency list also feature the top 20-30 collocates (nearby words) for that word, which provide valuable insight into the meaning and usage. Alphabetical and part-of speech indexes are provided for ease of use. The dictionary also contains 31 thematically organised and frequency-ranked lists of words on a variety of topics, such as family, sports, and food. New words in the language, differences between American and British English, and grammar topics like the most frequent phrasal verbs are also covered. A Frequency Dictionary of Contemporary American English is an engaging and efficient resource enabling students of all levels to get the most out of their study of vocabulary. It is also a rich resource for language teaching, research, curriculum design, and materials development. A CD version is available to purchase separately. Designed for use by corpus and computational linguists it provides the full text in a format that researchers can process and turn into suitable lists for their own research work.

Phrasal Verbs in Business English Nov 16 2022 The present thesis deals with the use of phrasal verbs in business English, their meaning as well as their role in the business language. The analysis is based on the course books for business English classes Market Leader. Pre-Intermediate Business English Course Book and Market Leader. Intermediate Business English Course Book. Not until the pre-intermediate level do the learners of English get acquainted with the phenomenon called the phrasal verb, the combination made up of a lexical or single-word verb and an adverbial particle. The main

aim of the thesis is to analyse the phrasal verb combinations that cause the most problems to Slovenian learners of English. Those are semi-transparent or semi-idiomatic and non-transparent or highly idiomatic phrasal verbs. The meaning of such verbs cannot be deduced from the meaning of their constituents and because of that they are difficult to understand and/or use. It is even more difficult if such verbal phrases occur in the field of business language, which is special due to its specific phrases. The structure of phrasal verbs and the characteristics of the business language are described in the theoretical part. The empirical part introduces the sources which were used for the analysis. Next is the compiled list of phrasal verbs in alphabetical order, followed by the analysis of the most frequent single-word verbs and the most frequent adverbial particles. A detailed analysis of the idiomatic phrasal verbs rounds off the empirical part.

Formulaic Sequences Nov 04 2021 Formulaic sequences (FS) are now recognized as an essential element of language use. However, research on FS has generally been limited to a focus on description, or on the place of FS in L1 acquisition. This volume opens new directions in FS research, concentrating on how FS are acquired and processed by the mind, both in the L1 and L2. The ten original studies in the volume illustrate the L2 acquisition of FS, the relationship between L1 and L2 FS, the relationship between corpus recurrence of FS and their psycholinguistic reality, the processes involved in reading FS, and pedagogical issues in teaching FS. The studies use a wide range of methodologies, many of them innovative, and thus the volume serves as a model for future research in the area. The volume begins with three survey chapters offering a background on the characteristics and measurement of FS.

Phrasal Constructions and Resultativeness in English Jun 11 2022 Eat up the apple or Eat the apple up? Is there any difference in the messages each of these alternative forms sends? If there isn't, why bother to keep both? On the other hand, is there any semantic

similarity between eat the apple up and break the glass to pieces? This study takes a fresh look at a still controversial issue of phrasal verbs and their alternate word order applying sign-oriented theory and methodology. Unlike other analyses, it asserts that there is a semantic distinction between the two word order variants phrasal verbs may appear in. In order to test this distinction, the author analyzes a large corpus of data and also uses translation into a language having a clear morphological distinction between resultative/non-resultative forms (Russian). As follows from the analysis, English has morphological and syntactic tools to express resultative meaning, which allows suggesting a new lexico-grammatical category – resultativeness.

Longman Dictionary of Contemporary English Feb 24 2021 A full picture of English as used in 2001, this comprehensive guide to written and spoken English has been updated with a new words section and colour headwords.

Phrasal Verbs Sep 21 2020 Updated to reflect questions found on the most recent ESL tests, this book presents 400 common phrasal verbs as they are used in everyday English. Phrasal verbs are verbs combined with prepositions or adverbs. Familiarity with phrasal verbs and understanding their use as nouns (breakup, showoff, etc.) or adjectives (spaced-out, broken-down, stressed-out, and many others) is essential to ESL students. Updated information includes: the most commonly used phrasal verbs; activities and examples that reflect our current technology and the world around us; an expanded introduction for the teacher with a thorough breakdown and explanation of phrasal verbs; and, a discussion of separable and inseparable phrasal verbs in Unit I, and more. This book's hundreds of examples in context and hundreds of exercises will be extremely useful to ESL students who are preparing for TOEFL or who simply wish to improve their English.

Phrasal Verbs in Context Dec 13 2019

Vocabulary Theory, Patterning and Teaching Jun 30 2021 This

book presents the current state of knowledge in the vibrant and diverse field of vocabulary studies, reporting innovative empirical investigations, summarising the latest research, and showcasing topics for future investigation. The chapters are organised around the key themes of theorising and measuring vocabulary knowledge, formulaic language, and learning and teaching vocabulary. Written by world-leading vocabulary experts from across the globe, the contributions present a variety of research perspectives and methodologies, offering insights from cutting-edge work into vocabulary, its learning and use. The book will be essential reading for postgraduate students and researchers interested in the area of second language acquisition, with a particular focus on vocabulary, as well as to those working in the broader fields of applied linguistics, TESOL and English studies.

Word Power: Phrasal Verbs and Compounds Apr 09 2022 Word Power: Phrasal Verbs and Compounds is a textbook for guided self-learning intended for post-intermediate and advanced learners of English. It contains some 1,100 phrasal compounds used with 17 particles/prepositions which combine with some 500 different verbs, nouns and adjectives. Numerous glosses allow the teacher to use it in very heterogeneous classes. Thanks to cognitive linguistics the material is organized around each particle giving the students an astonishing insight into the networks of metaphorical meanings of each particle. Furthermore, the book implements the most important findings and techniques in the field of learning a foreign language. This textbook will be a valuable companion for teachers and students.

Vocabulary in Language Teaching Aug 01 2021 Written by two top vocabulary specialists, this updated edition gives a state-of-the-art introduction to vocabulary teaching and testing.

Macmillan Phrasal Verbs Plus Aug 13 2022

Phrasal Verb Fun Jul 20 2020 This is the second edition, revised and over 70% bigger than the first one. Most people think that phrasal verbs, verbs with more than one word, are hard to learn. As students we are given lists and lists of them to memorise, and we usually find the whole thing boring, complicated, and really hard to remember. This book is different. There are no lists and there is nothing to memorise. Instead, there are over 600 little stories, one for each verb. The fact is that phrasal verbs are not a logical system, designed by some maniac a few centuries ago. No. There are simply something that grew up naturally. Most natives don't even know the expression phrasal verbs. We never learn them at school. We know the difference between chopping down a tree and then chopping it up. We also know that when a building burns down, it is the same as when it burns up. Neither do we ever confuse put up your cousin with put up with him. If you use this book for about ten minutes every day, I money-back guarantee that in about ten days you will know more about phrasal verbs than 99% of all non-native teachers who teach English for a living. I also promise you that you will have fun doing it. Reviews for the first edition, which was Kindle only Phrasal verbs are usually a nightmare for us. Often we try out the "uncommon common sense" just to come to the wrong meaning, fools rush in where angels fear to tread. So I am very grateful to the

author as he shows a natural way to learn those damned little things.
- jartiblisimo (Spain) It's a brilliantly conceived book, not only the short stories really stick in your head and help your memory in recalling all those verbs, but also enables the reader to get all the subtle shades of a verb which a non-native speaker fails to appreciate most of the times. - haunted85 (Italy)

Multi-word Verbs in Early Modern English Oct 11 2019 In a revision of her doctoral thesis (no date or institution cited), which itself grew out of the project to compile the database Lampeter Corpus of Early Modern English Tracts (1640-1740), Claridge looks at the use of such multi-word verbs as get clear, wish for, and make merry as they appear in the database. She considers both syntax and semantics, which she shows merge to some extent, but takes semantics to be the primary and thus the more important level because people know how they are going to say something before they know what they are going to say. Annotation copyrighted by Book News Inc., Portland, OR

The Oxford 3000 Word Search Puzzle Books Jan 06 2022 The Oxford 3000 word search The Oxford 3000 word search is a list of the 3000 most important words to learn in English. The keywords of the Oxford 3000 word search have been carefully selected by a group of language experts and experienced teachers as the words which should receive priority in vocabulary study because of their importance and usefulness. The words of the Oxford 3000 are shown in the dictionary with a key symbol, and sometimes the most useful parts of the entries (particular meanings, phrasal verbs and idioms) are also marked with a smaller key symbol. The entries for keywords often have extra information in the form of more examples of use, special notes explaining synonyms or related words, or helpful illustrations. The keywords make an excellent starting point for expanding your vocabulary. With most keywords, there is far more to learn about them than the first meaning in the entry. Often these words have many meanings, have a large family of words derived from them, or are used in a variety of patterns. You will also find a wide variety of usage notes at the keyword entries. the word search Book includes some very important words which happen not to be used frequently, even though they are very familiar to most users of English. These include, for example, words for parts of the body, words used in travel, and words which are useful for explaining what you mean when you do not know the exact word for something. These words were identified by consulting a panel of over seventy experts in the fields of teaching and language study.

Phrasal Verbs with Pictures Apr 16 2020 Please remember that you can read your Google Play books on your Apple devices as well.

Simply search for “Google Play Books” application on the App Store and log in using your Google credentials and your books are good to go! Phrasal verbs are indispensable parts of the English language. They add a sense of fluency into spoken or written language and render it richer in terms of vocabulary. Knowing and using not all, but even the most common ones would make our English sound more natural. However, the difficult thing about phrasal verbs is to memorize them because, they may have some meanings which are completely irrelevant to their constituent parts. For this reason, we need to learn them by heart, which means “to memorize” them. Although it may sound hard to learn them in this way, using phrasal verbs in actual dialogs makes it easier to memorize them by creating a “match” on the cognitive level. If we support this with images as well, we may have a better chance to retain them in our memories permanently. This is exactly where this book steps in. You will find hundreds of dialogs presented in drawings where characters use phrasal verbs. A total of carefully selected 228 phrasal verbs are given with up to their 3 common definitions. Therefore, you will have to memorize neither the outdated phrasal verbs nor their barely used meanings. There are 38 units in the book, each of which contains 6 phrasal verbs given in an alphabetical order. There is an “Exercises” section at the end of every unit and two Revision Tests after every five units. You will also find a general revision test with 100 questions in the back of the book. This test consists of all the phrasal verbs in this book. You can reach the answers to the exercises by using the buttons below exercise pages. This book also contains links to the videos of each unit. These videos contain a broader explanation of the phrasal verbs and they offer 2-3-minute footages taken from various films where characters use the phrasal verbs presented in the relevant unit. The footages come with subtitles as well. You can reach these videos by using the buttons below pages. After looking at the drawings, reading the dialogs, watching the movie footages and doing the

exercises, you won't have any trouble keeping phrasal verbs in your long-term memory and using them in your own sentences. All you need to do is to make regular revisions, which is a must learning a new language. If you want to have this book as a hard copy with amounts over 100, please contact at siparis@turengkitap.com

The Palgrave Handbook of Applied Linguistics Research

Methodology Mar 16 2020 This Handbook provides a comprehensive treatment of basic and more advanced research methodologies in applied linguistics and offers a state-of-the-art review of methods particular to various domains within the field. Arranged thematically in 4 parts, across 41 chapters, it covers a range of research approaches, presents current perspectives, and addresses key issues in different research methods, such as designing and implementing research instruments and techniques, and analysing different types of applied linguistics data.

Innovations, challenges and trends in applied linguistics research are examined throughout the Handbook. As such it offers an up-to-date and highly accessible entry point into both established and emerging approaches that will offer fresh possibilities and perspectives as well as thorough consideration of best practices. This wide-ranging volume will prove an invaluable resource to applied linguists at all levels, including scholars in related fields such as language learning and teaching, multilingualism, corpus linguistics, critical discourse analysis, discourse analysis and pragmatics, language assessment, language policy and planning, multimodal communication, and translation.

Business Phrasal Verbs Jan 14 2020 Business Phrasal Verbs

(CorpusLAB Series) contains explanations and exercises related to the most common phrasal verbs used in Business English. The book also covers common phrases and collocations used in Business English. So, for example, the book covers not just a phrasal verb

like "put in" but phrases such as "put in a bid." The book is informed by the analysis of American English used in business situations and the example sentences used in the book are based on real language.
